Attention: To Whom it May Concern

From: Bob Shipley, Director of Planning and Construction
Copy: Kevan Buck, Vice President of Business and Finance
Subject: Summit Contractors Performance
Deliver by: **Mail, Fax and e-Mail to Jason Roberts**

Summit Contractors completed an \$11 million apartment project for the University of Tulsa in the summer of 2001. The apartments are used for upper-class, graduate, and law student-housing. This housing is very popular. Summit was the general contractor and Architect's Collective was the architect. The project was completed 30 to 60 days ahead of time and below the budget and Architect's estimate.

It was a pleasure working with Jason Roberts. Summit Contractors have stood behind their warranty work and you can rely on them to do what they say. The University would not hesitate to use them again.

If you have any questions about the specifics of their performance, please call me at 918 631 3092.
